

Job Cost

When your business revolves around jobs you must have a good job tracking system. Most jobs involve so many types of costs that you need comprehensive records on each job just to know whether you're making money or not. A great solution for job tracking is SouthWare's Job Cost.

BENEFITS

FINANCIAL MANAGEMENT

The screenshot displays the 'Job Cost' software interface. At the top, it shows the title bar 'K-03 - SouthWare Excellence Series (P60) - Drive Company (red)' and a menu bar with options like File, Edit, Access, Search, Next, Previous, Enter, Options, Breakout, and Help. The main window is titled 'Inquire Jobs'. It features several input fields for job details: Job ID (1), Master (A/VELCN), 1762HofAvenue, Customer (1), Job Senders, Date (11/11/2008), and Est Comp (07/2008). Below these are sections for 'Description of work', 'Billing Type', 'Contract Price', '# Chg Orders', '# Payrolls', 'Invoiced JTD', 'Pending', 'Retainage Bal', 'Paid JTD', 'JTD Cost', and 'Pending P/Os'. A 'User Flags' section includes 'Labor' (947.00), 'Materials' (00), 'Other' (900.00), 'Indirect' (00), and 'Subcont.' (00). At the bottom, there are function keys: F1-Rpt, F2-Detail, F3-Hist, F4-Budg, F8-Exit, and a status bar with 'Dir/Job/Yes' and 'Job/Reply'.

Job ID Info

- See all the information about a job at the touch of a button
- Know the profitability on each job
- Know the types of costs that you've incurred on each job
- Track all changes to a job's budget and compare actual performance against budget
- Automatically keep your job information current as a byproduct of A/P, Payroll, Inventory, and Invoicing processing
- Easily assign overhead to your jobs
- Know your Work In Process status and transfer costs from Work In Process as a job is finished
- Spot cost overruns
- Predict expected job profit
- Know how much work is left to be done on a job
- Know what's been paid and what should be paid on a job

SouthWare's Job Cost gives you the tools you need to keep your jobs under control without getting bogged down in paperwork. Setting up new jobs is easy, and you can even copy standard jobs. Your costs and revenues can be automatically updated by other SouthWare products. Overhead, recognizing job progress in G/L, and Work In Process updates can all be done in minutes. And there are adaptations to help you whether you're a contractor or a job shop.
