Employee Information

- Depend on accurate and on-time payrolls
- Experience less hassle with the various employee deductions and other special payroll situations your employees have
- Rest easier when it comes time for your quarterly or year-end tax reporting
- Analyze your payroll costs to know exactly where your money is going
- Know the details of each employee's payroll situation
- Know the details behind each check you write
- Know your total costs for each payroll and zoom into the details for more information
- Spend less time on payroll administration each month - you can even eliminate checks with a direct deposit option
- Have the information you need to report to other organizations such as credit unions and insurance companies

With SouthWare's Payroll you get a sophisticated and flexible system for payroll processing, tracking, and reporting. You benefit from an "exception" design that lets you set up all normal information for an employee so you only have to enter exceptional or one-time information with each payroll. You get the flexibility to handle the many special earnings and deduction situations your employees have. And your governmental reporting information is ready when you need it.

Features & Functionality

Employee Database Features

- Extensive standard personnel data
- Normal pay info such as pay frequency and normal rate or salary
- Normal tax information for withholding
- Distribute salary to multiple G/L accounts
- Optional recurring earnings, deductions, and employer expenses
- History of checks, tips, earnings, taxes
- Notes and optional Extended Data

Earning/Deduction Features

- Standard and user-defined types
- Taxable status and limits for situations such as 401-K, Cafeteria plans, and garnishments
- Deductions may be amounts, rates, or percents of gross pay

Tax Features

- User-maintainable tax rates and tables
- Flexible tax status and calculation

Check Processing Features

- Data entry required only for exceptions to the normal employee information
- Speedy exception entry for hours and other exception overrides
- Allows 2 checks per employee per payroll
- Multiple exception files may be in progress
- Pre-check report for verification
- Numerous registers and reports
- Manual and Void check processing
